Sir.

I send three transfer impressions & one ~~copper~~ steel plate impression at the request of Mr Sieber for your opinion - As for myself I do not like the transfers so well as the originals, the contrast calls for steel impressions -

Sir

Yours of the 14th inst came to hand this morning. I sent you the transfers at the request of Seibert who I understood to say you had deposited them in consequence of some of the plates being engraved too dark. I have had no idea of their being printed from transfers. The contract is for impressions from the steel.

St Bryan's report was made to the Int Department. I have never seen it. By referring to St Nemen Yrs Cir. you may get a copy of it.

Don't you think it will be better to have the Engravers in Paris make out their bills against you for the work mentioned & you submit them as subvouchers. I think this will be the easiest way to pay —

Dear Sir –

Yours enclosing the memorandum of "additions & corrections" came duly to hand. I shall submit the question of admitting the "additions" in the Report to the Secretary at my earliest convenience, the "corrections" are of course admissible.

I have nothing of the plates yet but if they were shipped on the 1st inst. they will reach here in time or some delay has occurred in the printing.

Respectfully
Your Ob Servt
